

epic safes - Endeavour range

Epic ENDEAVOUR Safe Suggested cash rating £35,000.

Top of the range - torch & drill resistant materials in door & body.

Body

Constructed of high grade steel welded together to form a total thickness of 90mm. The cavity contains torch and tool resisting materials. High strength aggregates tied to the outer body.

Door

High grade steel electrically welded together to produce one unit. Contains tool, torch & drill resistant material.

Boltwork

30mm diameter polished steel bolts moving in 3 directions lock deep into the body forming an immovable barrier.

Locking

The high security lock is protected by a glass plate with one live and three passive anti-explosive devices.
