

epic safes - Venturer range

Epic VENTURER Safe
Suggested cash rating
£10,000.

Body

Inner and outer body are constructed from high grade steel welded together to form a body which is packed with high quality concrete to resist tool and forced attacks. Also contained in the body are steel ties welded to the inner and outer body to resist delamination and wedging attacks. Base fixings as standard.

Door

High grade steel to 50mm total thickness contains drill resistant material tied directly to the inner door plate.

Boltwork

Front moving bolts and fixed rear dog bolts are made from 30mm solid steel that lock securely into an inner lining.

Locking

The door is locked using a high quality keylock.
